

POLICY BULLETIN CHILD NUTRITION PROGRAMS

NSLP 28-06

October 4, 2006

SUBJECT: National School Lunch Week

CONTACT: Kim Loveland

PH: (801) 538-7562

Schools nationwide will officially celebrate National School Lunch Week (NSLW) during the week of October 10-13, 2006. This year's theme "Vote for School Lunch" presents the perfect opportunity to promote NSLW and to help your student customers perform to the best of their ability. A well-balanced lunch allows children to think more clearly and feel healthier. It can make the difference between listening to their stomachs instead of their teachers; achieving a good grade instead of not focusing; running around during recess or feeling sick on the sidelines.

Schools participating in the National School Lunch Program (NSLP) are encouraged to celebrate NSLW. Please refer to the following School Nutrition Association website at <http://docs.schoolnutrition.org/meetingsandevents/nslw2006/index.asp> for more information and NSLW resources.
